

PROXIMITY WARNING & ALERT SYSTEM - PWAS

ABOUT THE SOLUTION

The PWAS employs a cutting-edge technology for worksite safety, utilizing AI algorithms to prevent accidents and enhance worksite safety. Leveraging vehicle to individual (persons) and vehicle to vehicle proximity warnings, our system ensures a safer environment by analyzing data and issuing timely alerts.

Key Features

WHY PWAS?

Workplace injury

142

Workers killed at work in 2020/21

441,000

Workers sustaining a non-fatal injury according to self-reports from the Labour Force Survey in 2020/21

51,211

Employee non-fatal injuries reported by employers under RIDDOR in 2020/21

Estimated self-reported non-fatal injuries, 2020/21

102,000
Injuries with over 7 days absence

339,000
Injuries with up to 7 days absence

Estimated self-reported workplace non-fatal injury per 100,000 workers

Non-fatal injuries to employees by most common accident kinds (as reported by employers), 2020/21

**** Report source: Non-fatal injuries reported under RIDDOR 2020/21**

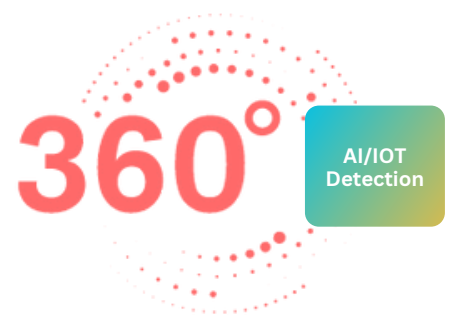

SYSTEM EXPLAINED:

B-Safe (PWAS) Proximity Warning and Alert Systems are designed to create a safe detection zone around people and vehicles to prevent accidents and promote worksite safety. By utilizing advanced sensor technology, B-Safe systems can accurately detect the proximity of individuals and vehicles; and issue an alarm to warn operators of any potential hazards.

B-Safe offers several types of systems to suit different worksite requirements. These include AI-Based Monitor PWAS, Tag-Based PWAS, Non-Tag-Based PWAS, Forklift PWAS, and Combo PWAS. Combo PWAS is an integrated advanced solution, as it combines both Tag-Based and Non-Tag-Based PWAS technologies into a single system, which offers a high level of flexibility and adaptability to various worksites and client projects' requirements. AI PWAS is the most advanced solution with cutting edge AI Monitor technology that provides wide range of capabilities and extended features.

- AI, Tag, Non-Tag, Combo Technology
- AI/IOT Infrastructure
- No Down Time
- Customizable Range
- HSE Report & Tracking
